Re: **Inverter based Grid tied PV Installation:**

Dear Customer

City Power, Energy Management Department acknowledges your application dated **30 January 2024**, to connect a Photovoltaic power source to our grid, lodged with the following notification number: [REDACTED]

The system to which this application pertains is located at **T/ship: Blairgowrie, ERF No:** [REDACTED] with the proposed total capacity of **5 kW**. The system is grid tied and linked to meter number: [REDACTED] which is a **Single Phase** supply.

Your installation has been **approved** based on your compliance to regulatory standards and Municipality Electricity supply By-Laws, as stipulated in your completed application form.

Kindly note, in the event this is a residential service connection, your tariff will now be based on our NERSA approved, post-paid conventional residential **Time of Use (TOU)** tariff that includes time differentiated energy consumption charges, a flat energy export tariff, a network charge and an administration charge as per our published tariff booklet.

City Power appreciates your efforts on 'Going Green' and being energy wise.

Yours sincerely
